
Colorado Newborn Screening Committee

Committee Meetings – 2017

Tuesday, January 24th 4:00-6:00

Tuesday, March 28th 4:00-6:00

Tuesday, June 27th 4:00-6:00

Tuesday, September 26th 4:00-6:00

Please Note: Meeting location has changed in 2017!

Meetings will be held in the usual building – the Laboratory Services Building (8100 Lowry Blvd. in Denver), but in a **different conference room**.

The conference room is the Rosalind Franklin Room which is located at the back of the lab. The room has its own entrance on the North side of the building, and there are a dozen parking spots there. If there are no parking spots available, park in the front of the building and walk around to the entrance on the North side of the building. There's a paved walkway.

Rosalind Franklin (1920-1958) was an English chemist whose work contributed to the understanding of the molecular structures of DNA.
